

CONCEPTS COVERED: Music alphabet

STUDENT LEVEL: Newbie

GATOR GAPS

HOW TO PLAY

- Place a game token for each player at the start of the river, just off the bottom of the board.
- Players take turns to roll the die, move forward and try to fill in the blank on a *Gator Gaps* card.
- If the player is correct, they should return the card to the bottom of the deck.
- If the player is incorrect, they must place the card in front of them. When a player collects three *Gator Gaps* cards (i.e. they have answered wrong three times) the gator snaps their boat in half and they have to return to the beginning of the river.
- The winner is the first to reach the safe harbour at the top of the board.

ASSEMBLY

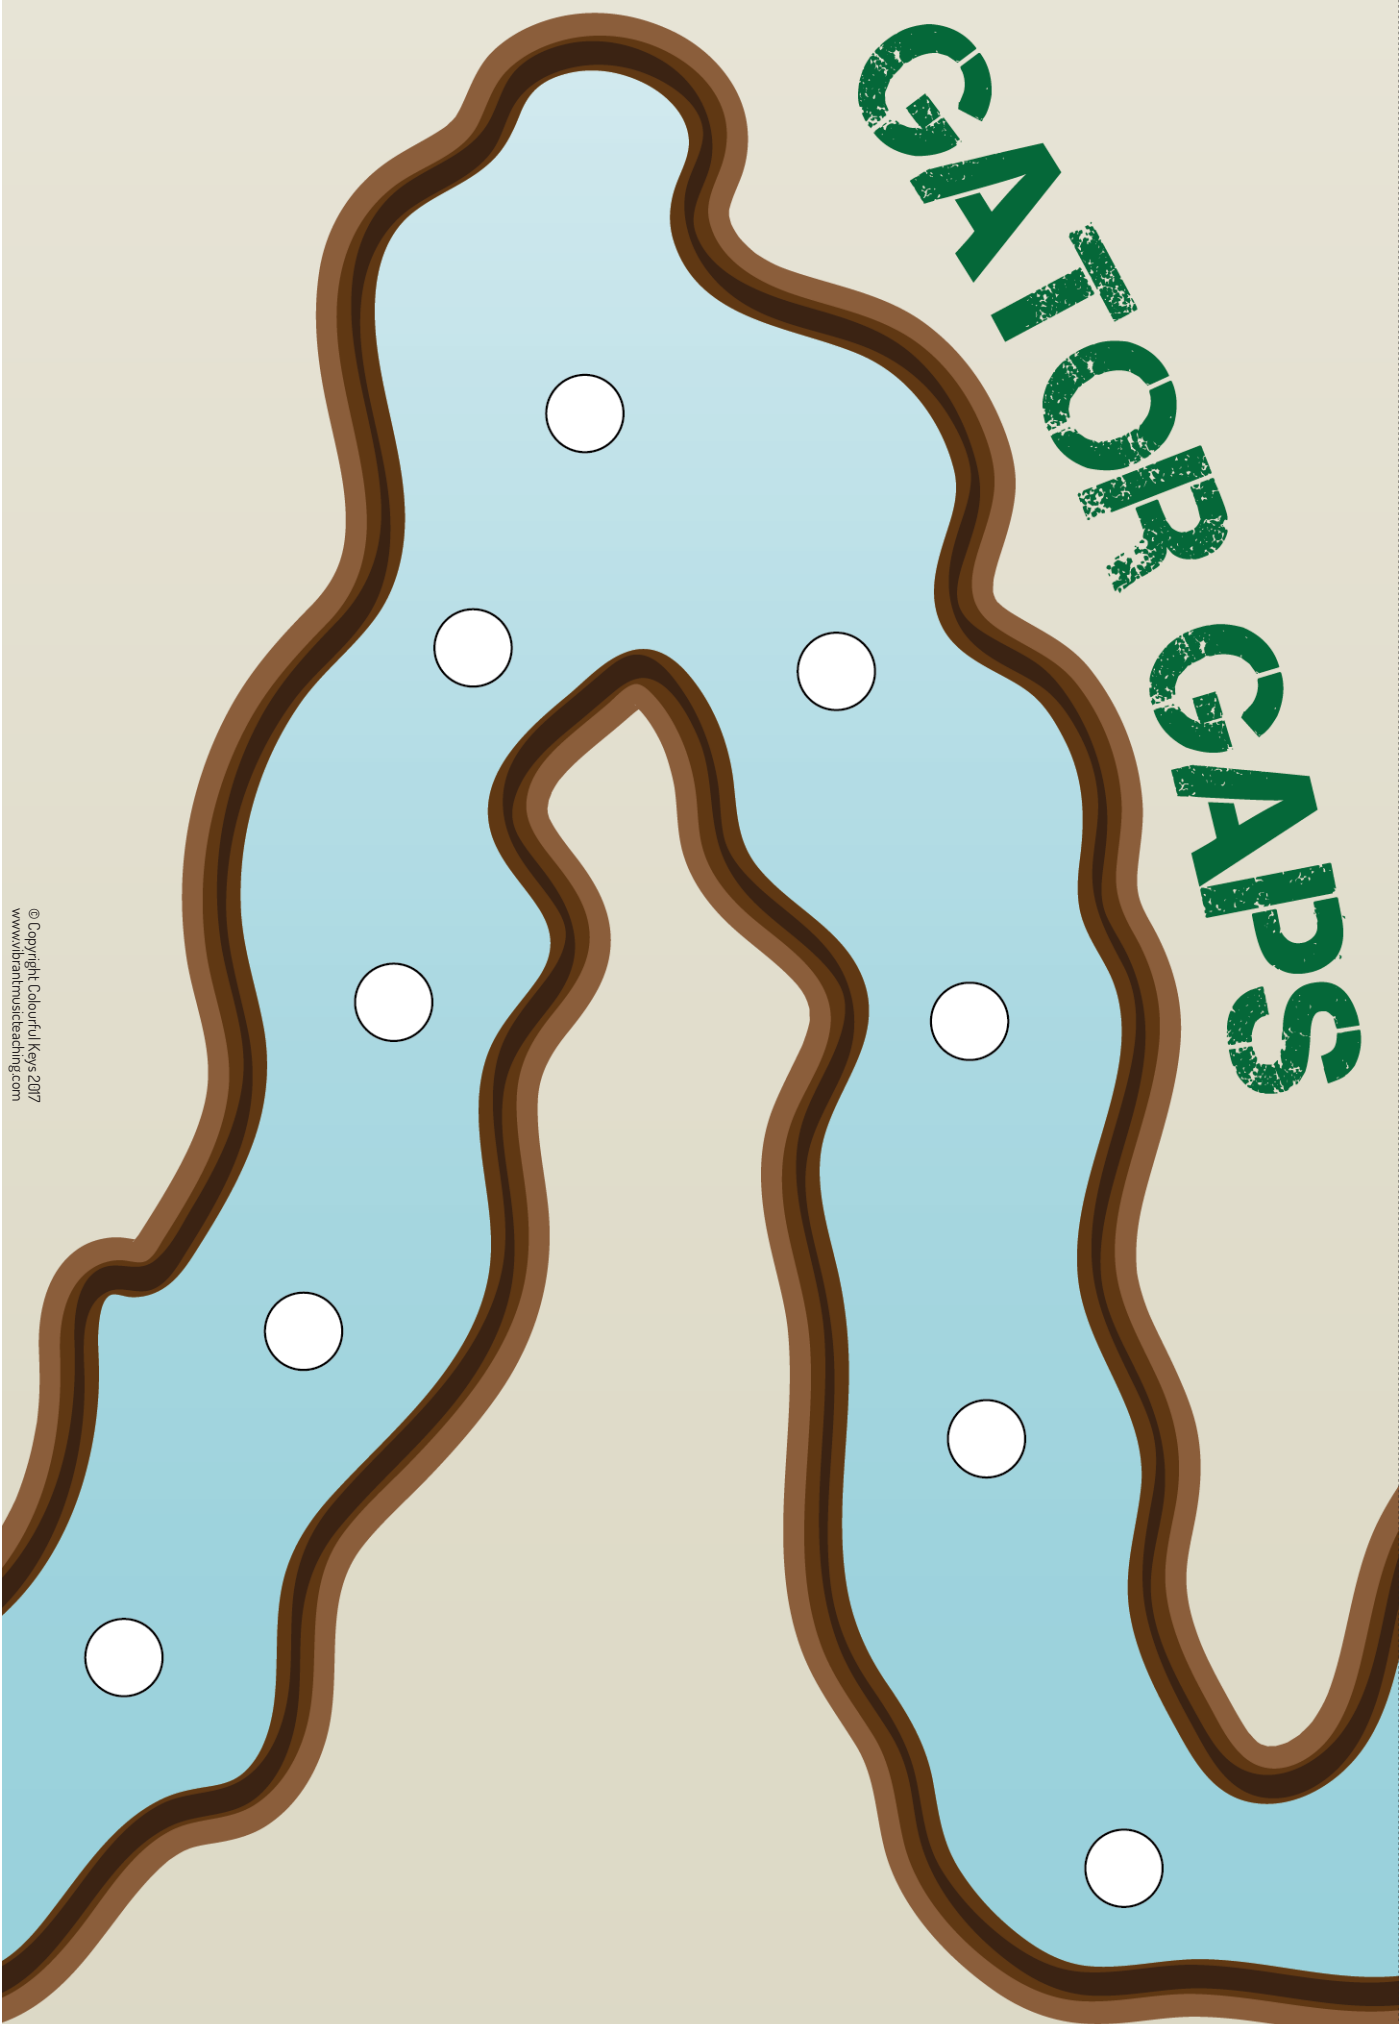

To assemble this game:

- Print out the game boards (pages 3-4). Trim along the dotted lines, laminate if desired and tape the pieces together.
- Print out the game cards (pages 5-12) double-sided. Cut along the dotted lines and laminate if desired.
- You will also need a die and a game token (eraser, small toy, etc.) for each player.

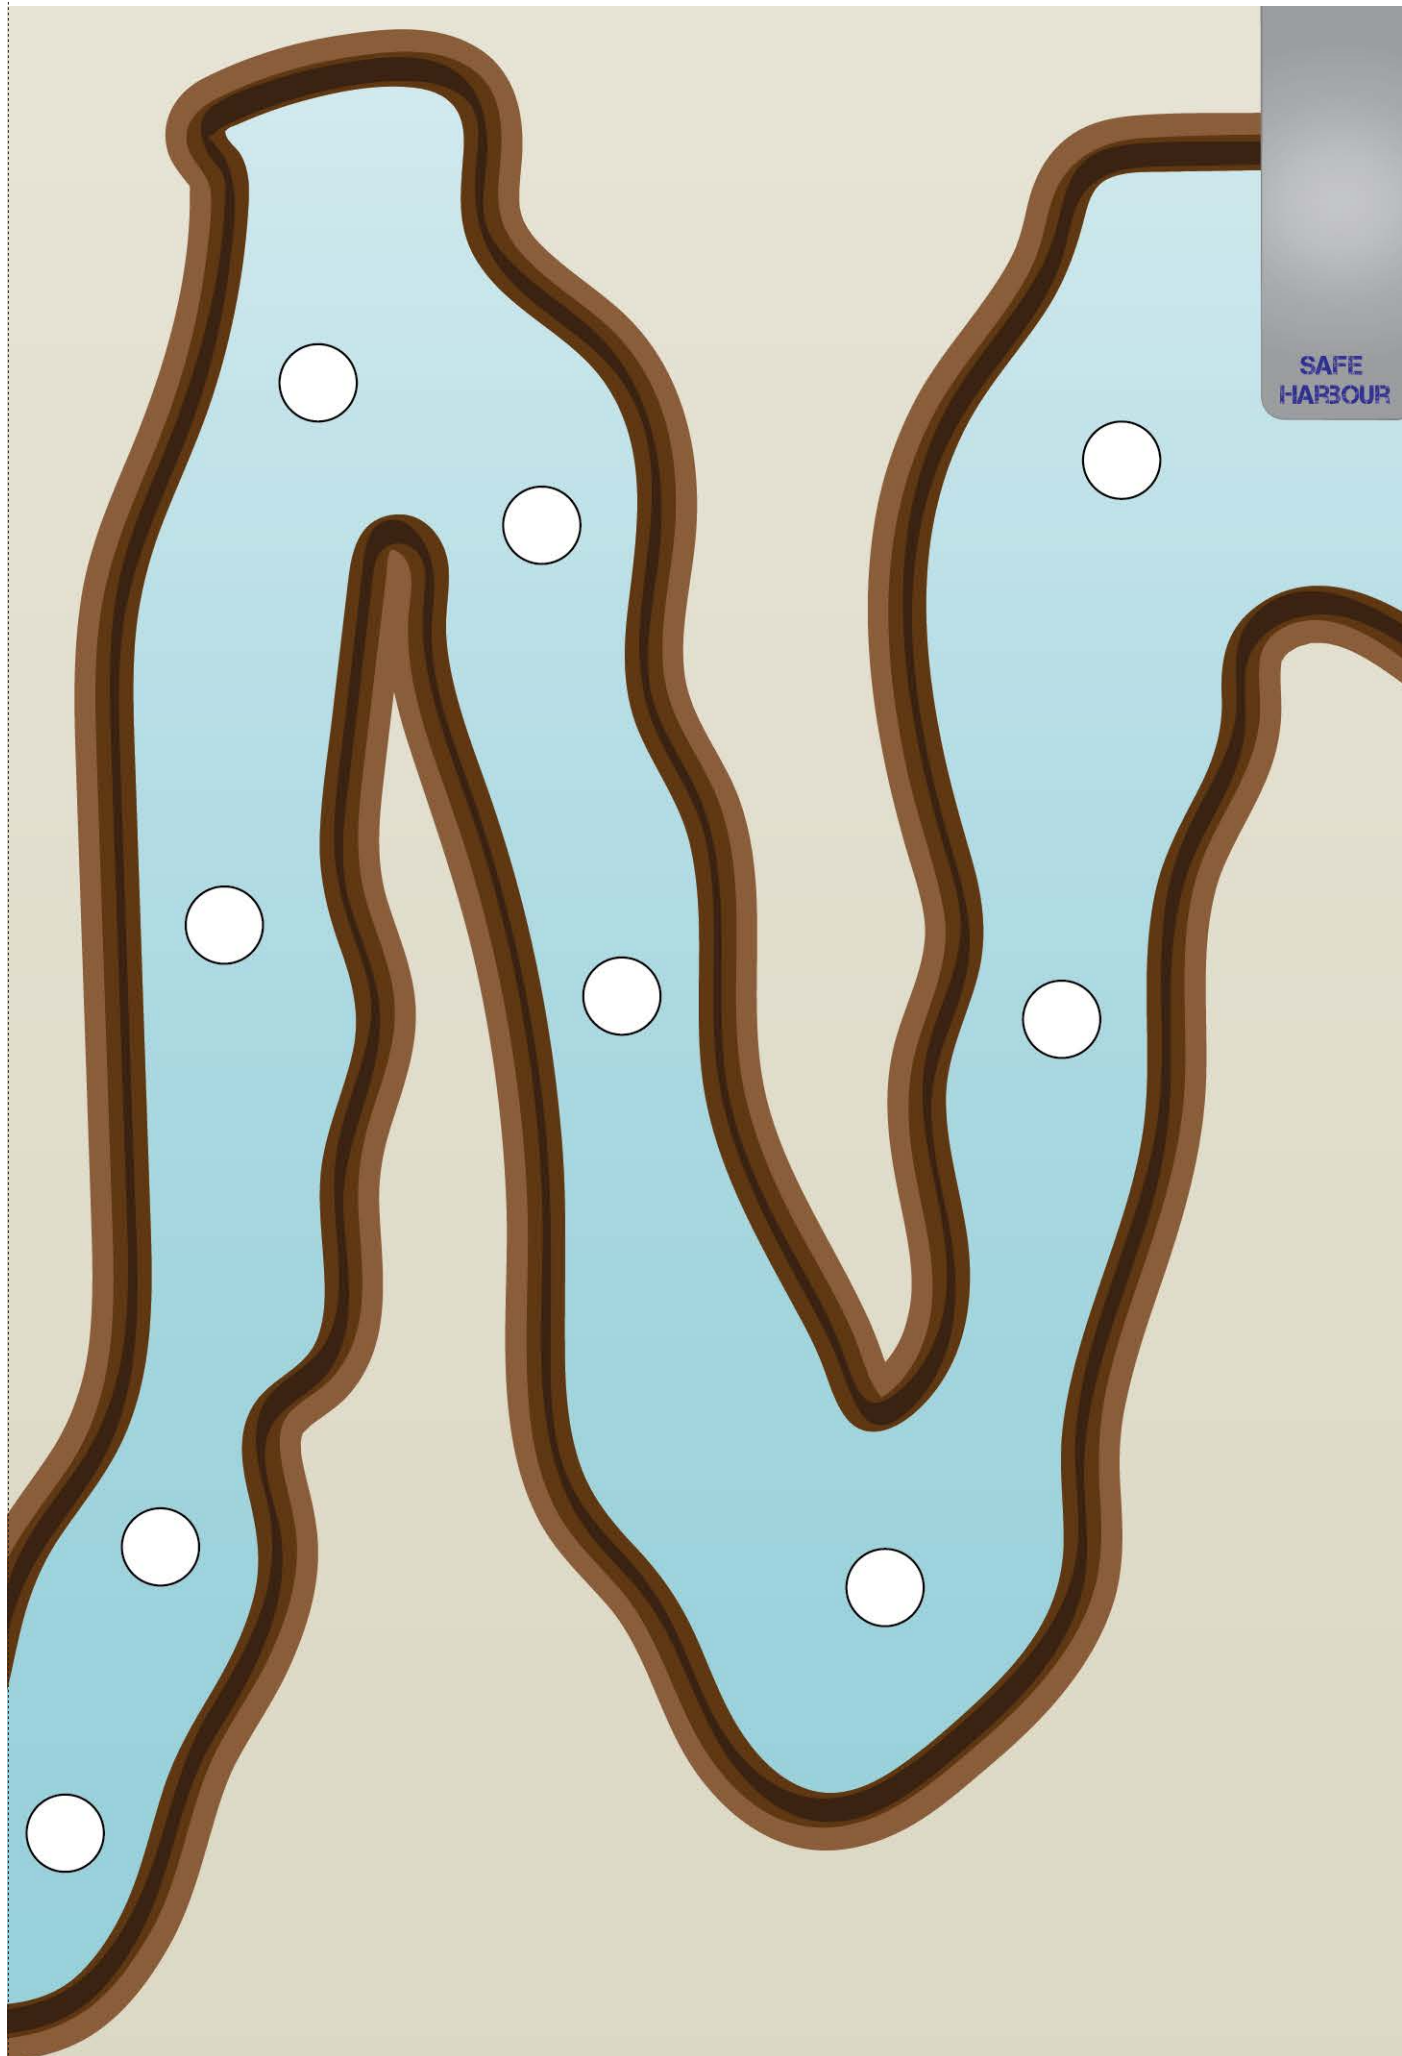

LEARNING OBJECTIVES

The music alphabet takes some practice for young beginners, especially going backwards. *Gator Gaps* is all about filling in the blanks in the music alphabet so that students can use this knowledge to figure out notes/keys.
