

**CONCEPTS COVERED:** Intervals, dynamics, note values and note names

**STUDENT LEVEL:** Late beginner/grade 1

# FIENDISH Fishiness!

# FIENDISH Fishiness!

## HOW TO PLAY

- Place the two sets of cards in their place on the board.
- Place a game counter for each player on the “Start” bubble.
- The first player draws a fishy card and moves the number of spaces indicated by the interval on the card. If a unison card is drawn, the player does not move.
- If a player lands on a fiendish bubble, they draw a fiendish card and follow the instructions on the card.
- The winner is the first to reach the “Fin!” bubble at the centre of the board.

## ASSEMBLY

To assemble this game:

- Print out the game board (page 3-6). Cut along the dotted lines, laminate if desired and tape the four pieces together.
- Print out the game cards (pages 7-18) double sided. Cut these along the dotted lines and laminate if desired.
- You will also need a game counter for each player.

## LEARNING OBJECTIVES

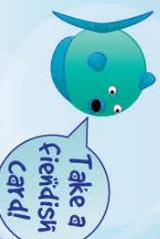

*Fiendish Fishiness* helps students to learn about interval recognition, dynamics, note values and note names on the staff.

This game is the perfect complement to [Thinking Theory Book One](#) and the Thinking Theory flipped learning videos which you can find on YouTube.
