# Flying Fish Frog

## HOW TO PLAY

- Give each player all the tokens of one colour.
- Players take turns to turn over a card.
  - Beginner students should say whether the note is high, low or middle and then place a fish low on the piano board, a frog in the middle or a bird up high.
  - More advanced students must name the note before they can place their token on the piano.
- The winner is the first to have 3 matching tokens on the piano board (there are 4 of each included just in case).

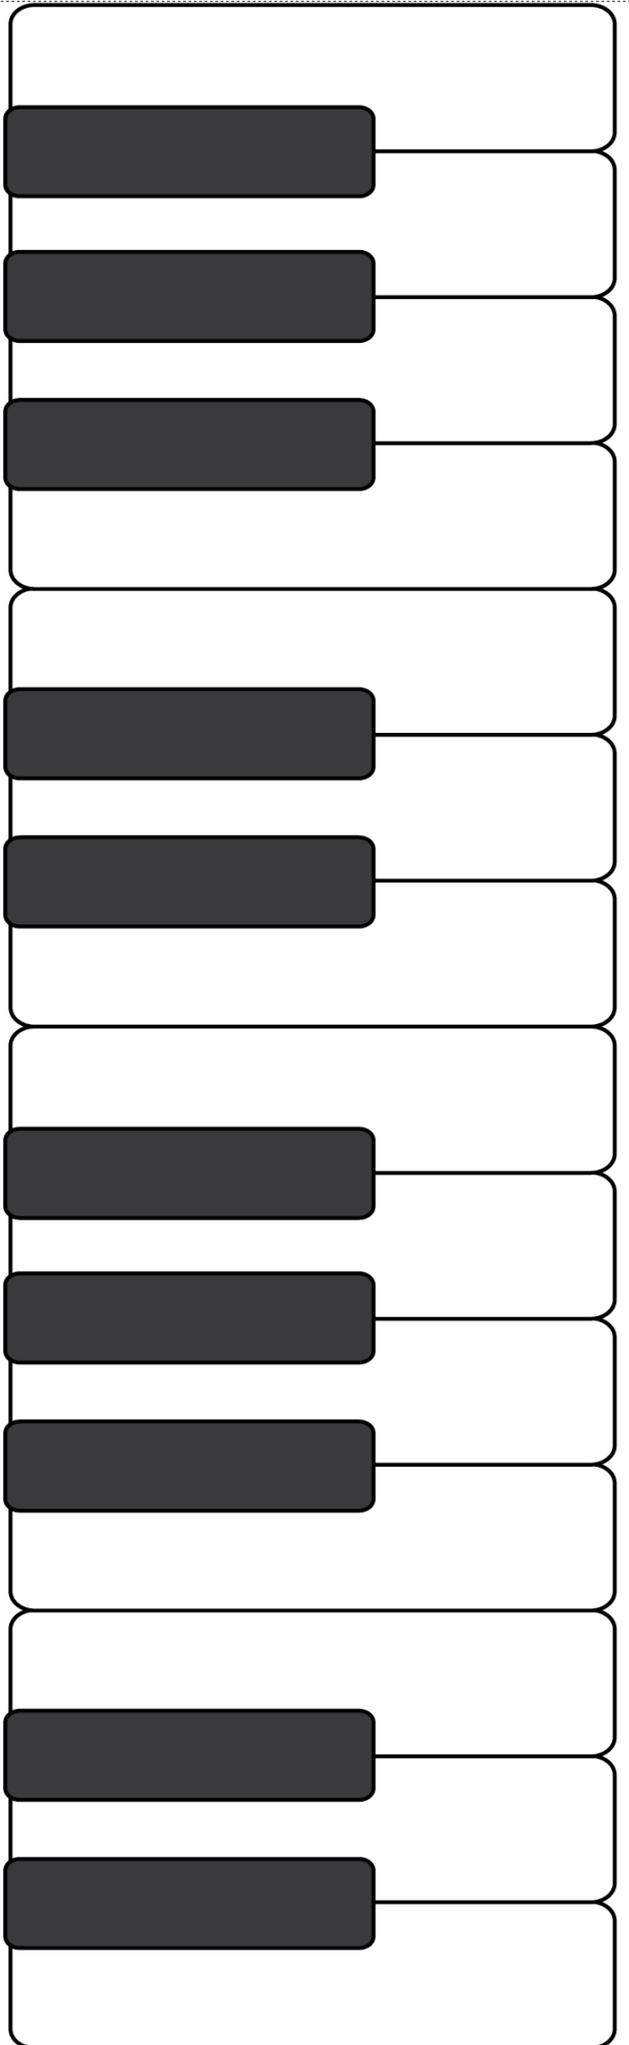

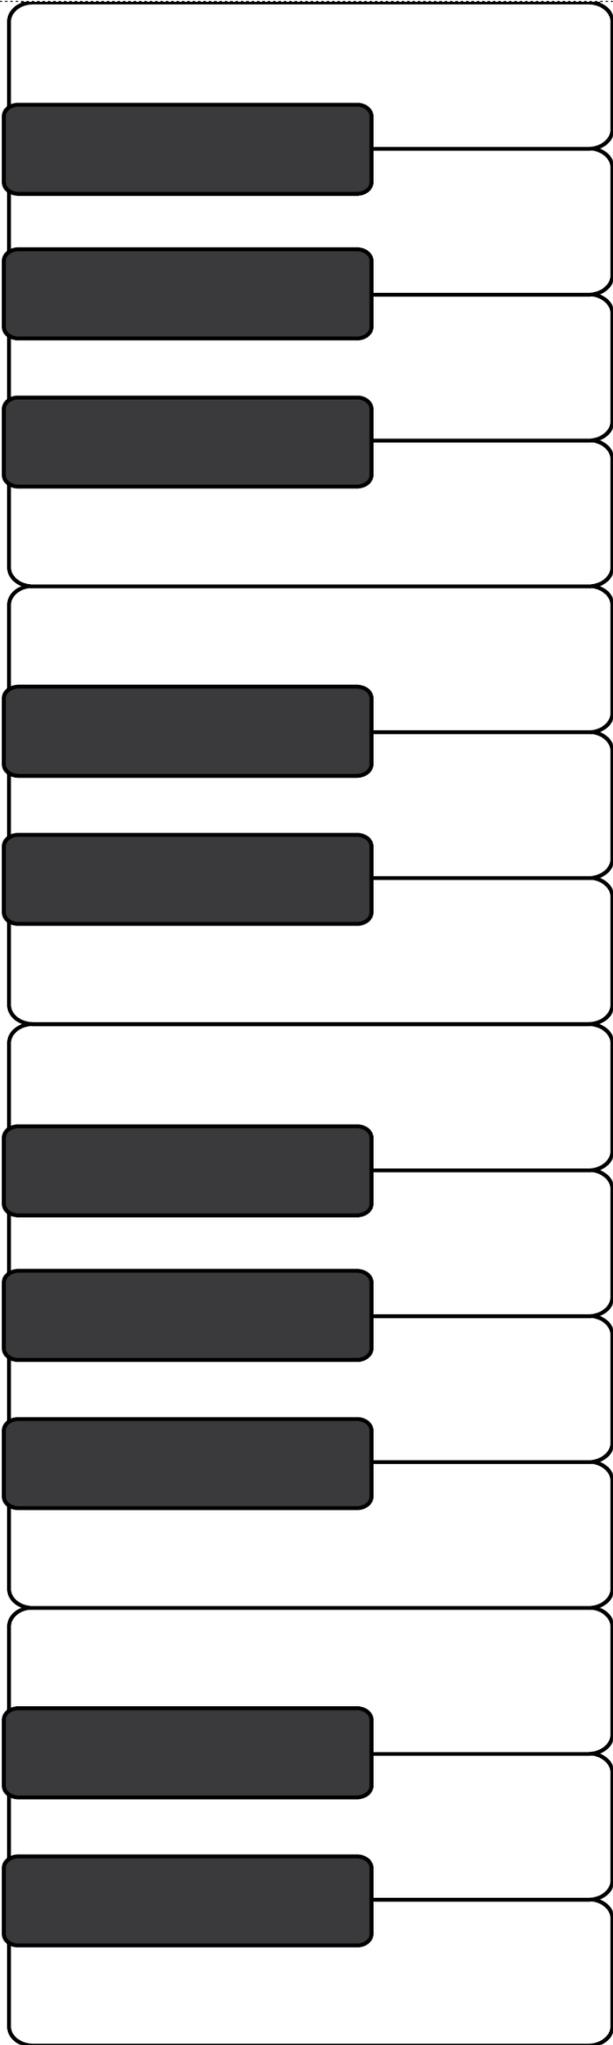

## ASSEMBLY

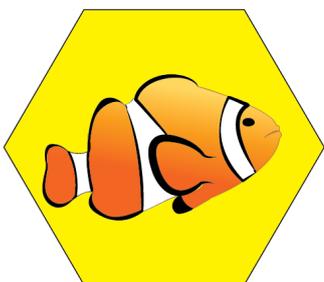

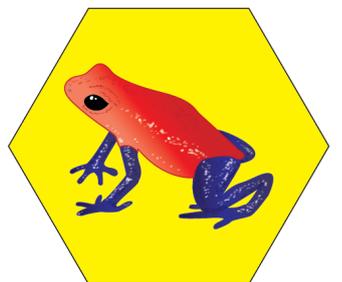

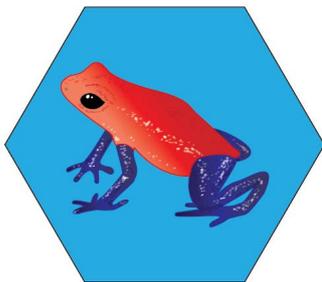

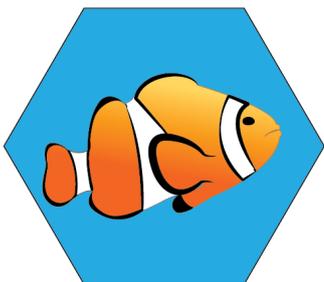

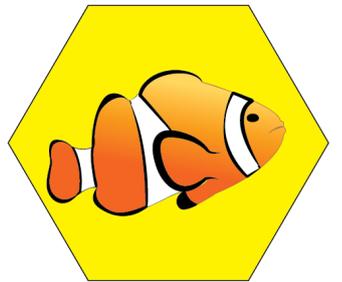

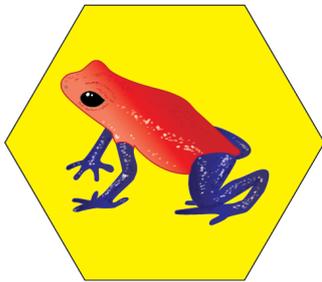

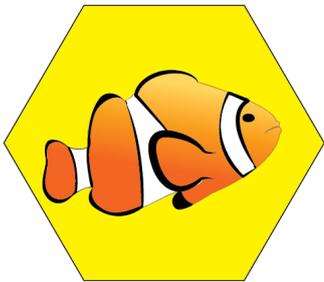

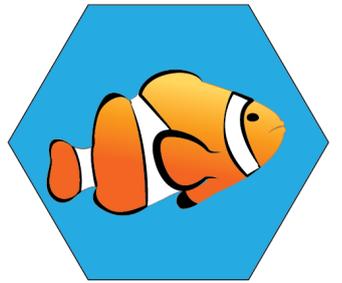

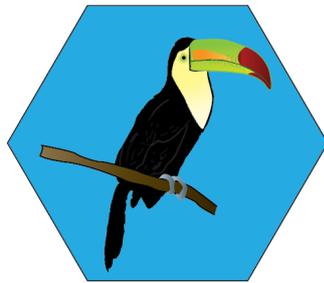

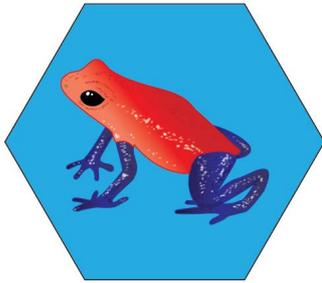

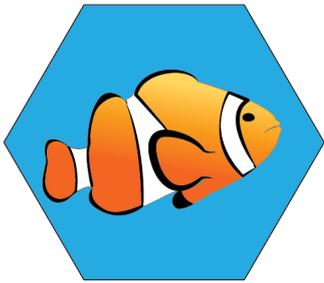

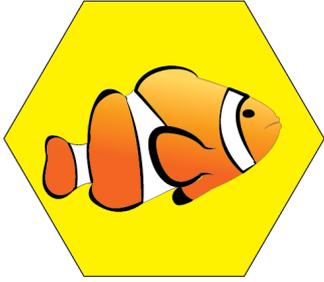

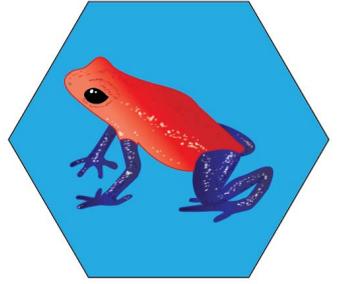

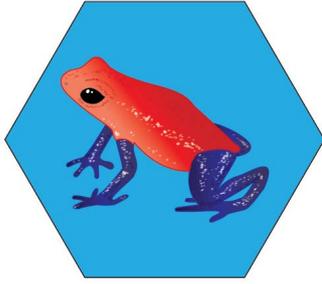

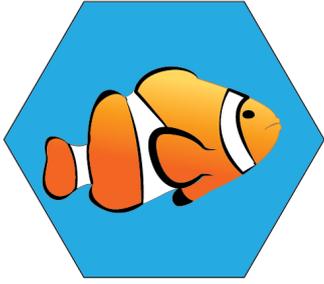

To assemble this game:

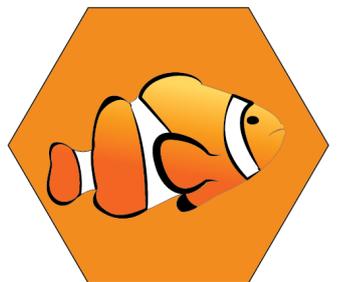

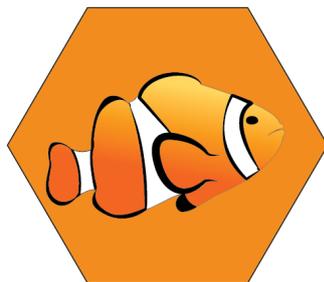

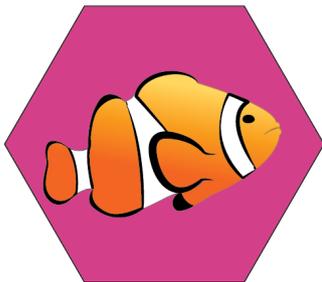

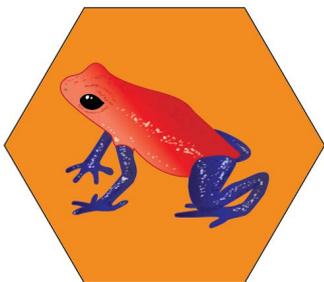

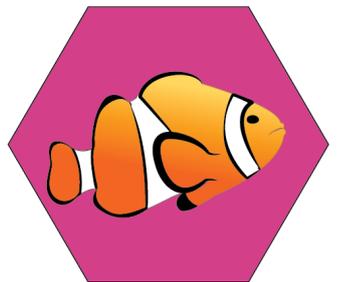

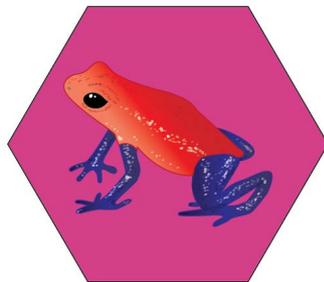

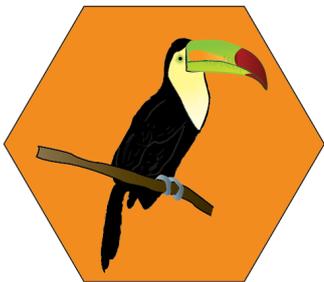

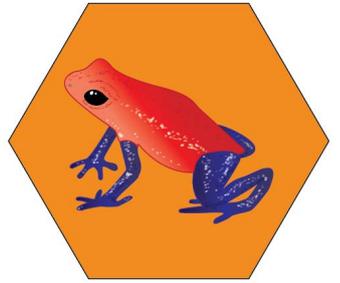

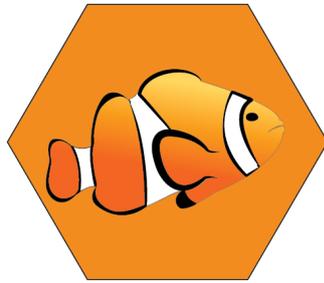

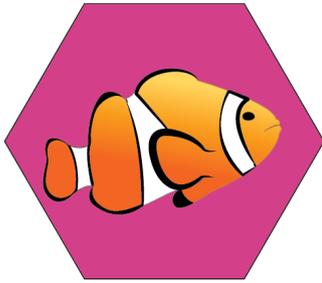

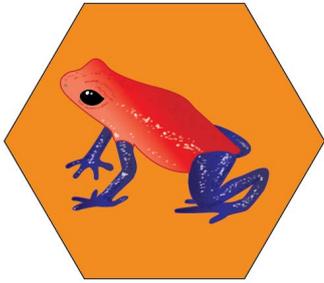

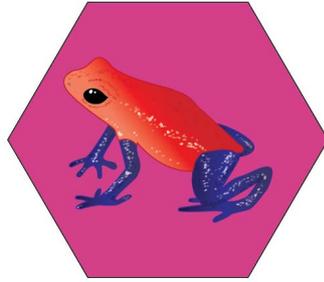

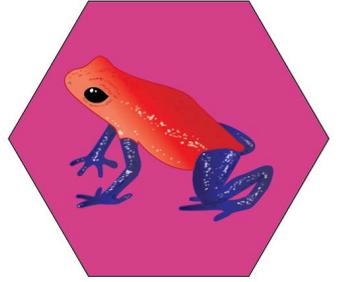

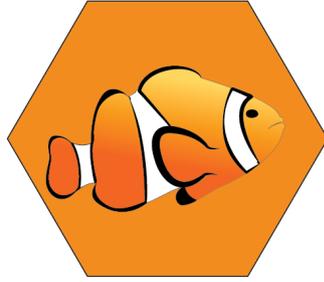

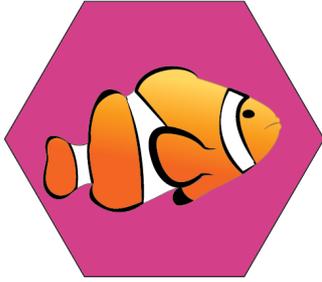

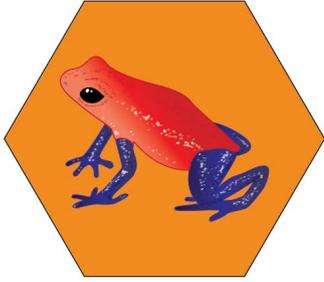

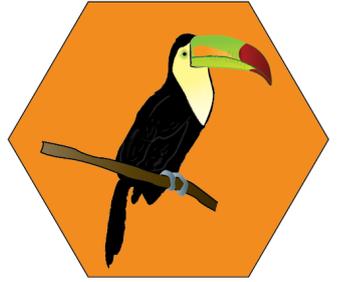

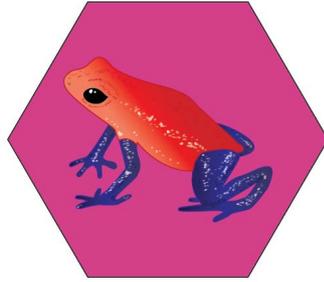

- Print out the piano board (page 3). Trim along the dotted lines, laminate if desired and tape together.
- Print out the game tokens (pages 4-5). Cut them out and laminate if desired.
- Print out the game cards (pages 6-11) double-sided. Cut apart and laminate if desired.

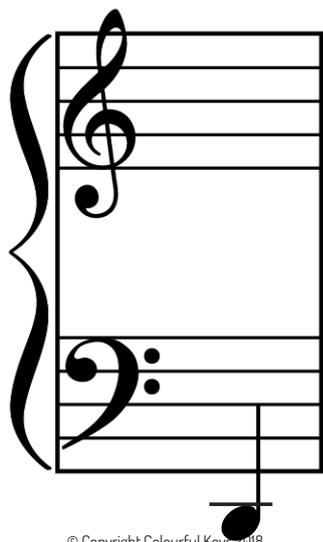

## LEARNING OBJECTIVE

*Flying Fish Frog* works on the concept of high and low on the staff, and relating that to right and left on the piano. This game can be used with mixed level students using the note naming modification for those who are more experienced.
