# Don't leaf me!

## HOW TO PLAY

- Spread the cards out in a loose pile in the centre of the players. If playing with different levels of students together, make one pile for each level.
- Players take turns to draw a card and name or explain the symbol on the back.
  - If they are correct they add the card to another player's leaf pile. (Place it beside/in front of the other player.)
  - If they are incorrect they add the card to their own leaf pile. (Place it beside/in front of themselves.)
- If they draw a rake card they get to dump all their cards on another player's pile.
- Continue until all the cards are gone or the time is up.
- The winner is the one with the least cards at the end.

## ASSEMBLY

To assemble this game:

- Print out the game cards (pages 3-18).
- Cut apart along the dotted lines and laminate if desired.
- You don't need to print every level of game cards, only the level you want to use. If you want to play with a big group all at the same level, you may wish to print multiple copies of one level of the cards.

## LEARNING OBJECTIVE

*Don't Leaf Me!* is a great way to get in practice for a variety of beginning to intermediate music theory terms and can be used in groups of mixed levels.
