

CONCEPTS COVERED: Intervals of 2nd, 3rd, 4th, 5th

STUDENT LEVEL: Late beginner/grade 1 to Intermediate/grade 3

INTERVAL

BOB

INTERVAL BOB

HOW TO PLAY

- The goal of the game is to get a matching set of 4 of the same interval.
- Deal 4 cards to each player.
- Lay out the rest of the cards face side up between the players. They don't need to be neatly arranged, just a spread out in a loose pile.
- Each player takes turns to pick up a new card from the pile, and discard one from their hand.
- When a player gets a full set of the same interval they should place their cards face up in front of them to be checked.
- If the cards are all the same interval, the player is declared the winner.
- If the cards are not the same interval, the player should draw four new cards at random from the pile to continue playing.

ASSEMBLY

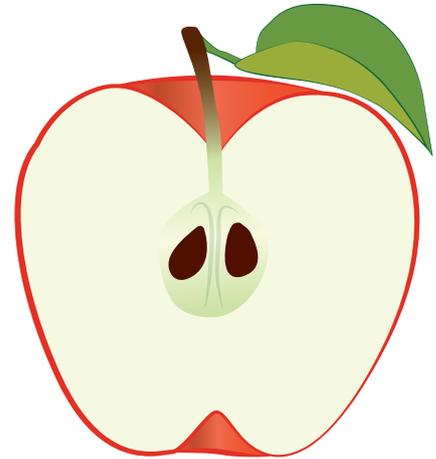

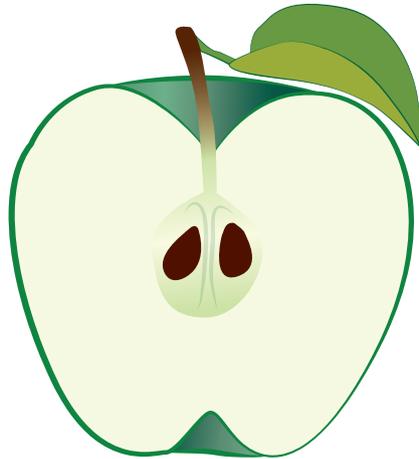

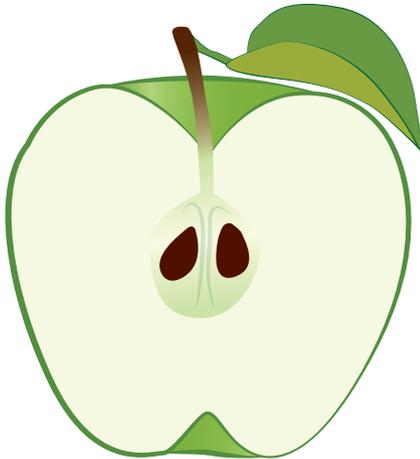

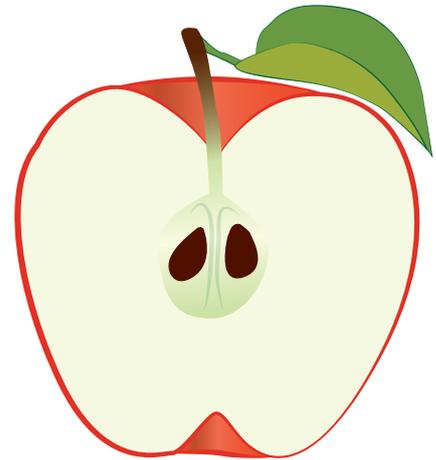

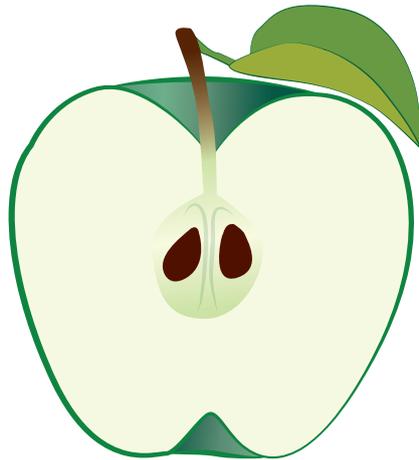

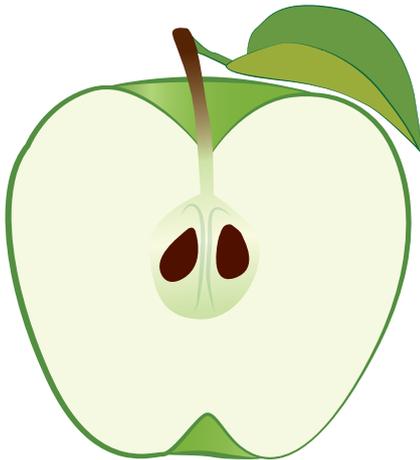

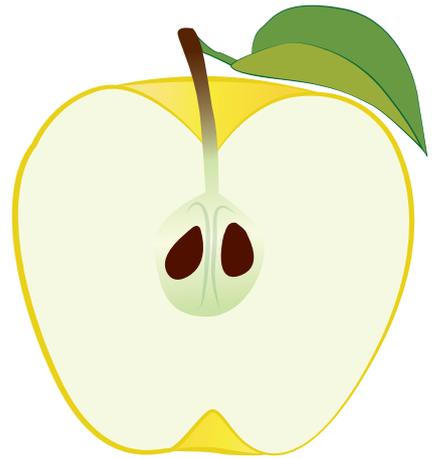

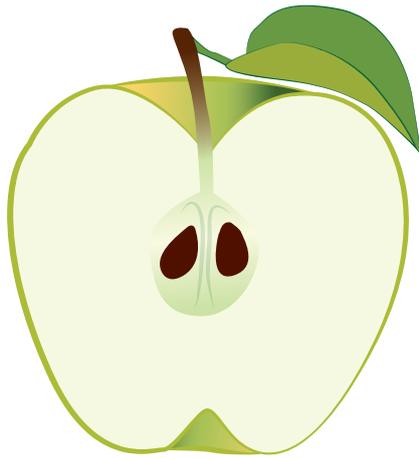

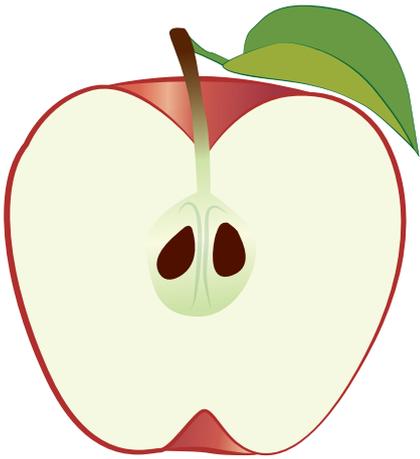

To assemble this game:

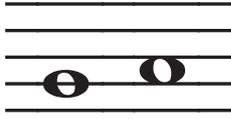

- Print out the game cards (pages 3-10) double sided.
- Cut apart the cards along the dotted lines.
- Laminate if desired.

LEARNING OBJECTIVES

Interval Bob helps review music terms for late beginner to intermediate music students. This game is a great addition to Halloween group lessons in particular.

This game is the perfect complement to the [Thinking Theory Books](#) and the Thinking Theory flipped learning videos which you can find on YouTube.
