HOW TO USE

- Choose a level of the cards to play with.
- Get your student to draw three at random and place them in front of them on the floor or a table.
- Play one of the three patterns and ask your student to identify which one you played.
- If you're playing with several students, place the cards further apart on the floor and ask your students to run to the one you played.

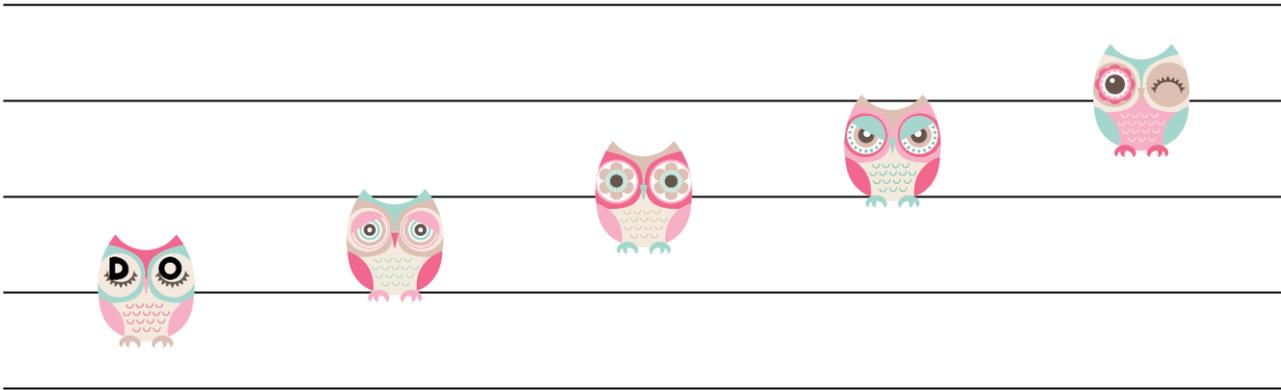

ASSEMBLY

To assemble:

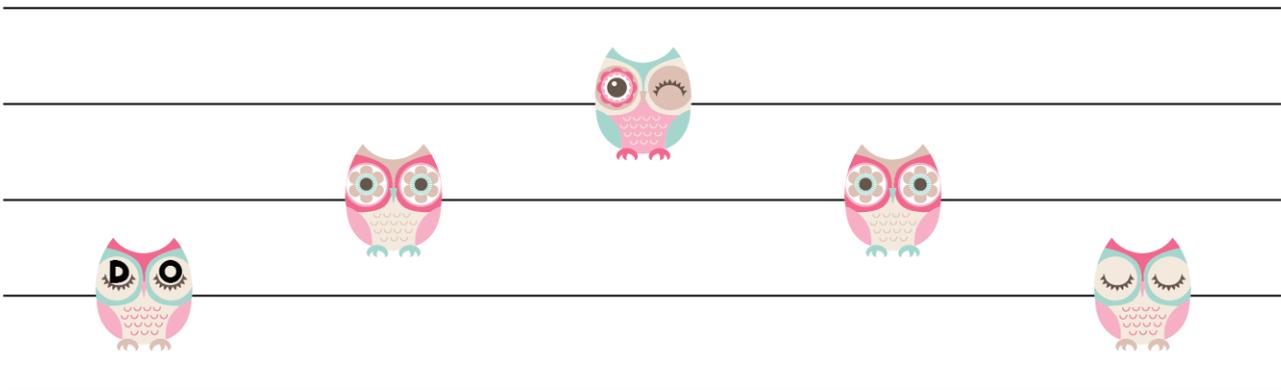

- Print out the cards (pages 3-14) double-sided.
- Cut apart along the dotted lines.
- Laminate if desired.
