

CONCEPTS COVERED: Key signatures

STUDENT LEVEL: Early intermediate/grade 2

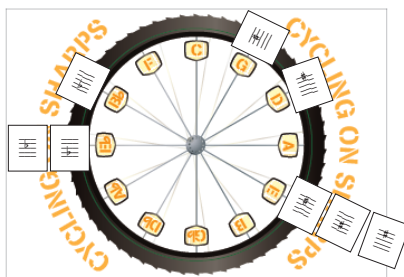

# CYCLING ON SHARPS

## HOW TO PLAY

### 1 Player:

- Place the board on a table with plenty of space around it.
- Turn one at a time from the pile and try to find a place for it on the board.
  - Sharps/flats can be taken to be in the bass or treble clef since there are no clefs. (E.g. A card could act as an A sharp or a C sharp.)
  - Place the sharps/flats beside the key, in the order they occur in a key signature.

- If you draw a "You got a flat!" card you must take one card from the board and return it to the bottom of the pile.
- The game is finished when all the cards are used up and each key signature is complete.

### 2+ Players:

- Place the board on a table with plenty of space around it.
- Deal 7 cards to each player.
- Players take turns to place a card down on the board as follows:
  - Sharps/flats can be taken to be in the bass or treble clef since there are no clefs. (E.g. A card could act as an A sharp or a C sharp.)
  - Place the sharps/flats beside the key, in the order they occur in a key signature.
  - If a player draws a "You got a flat!" card they must take back a card from the board and add it to their hand.
  - If a player cannot place a card or places one incorrectly they must draw a new one from the pile and add it to their hand.
- The winner is the first to get rid of all their cards.

## ASSEMBLY

### To assemble:

- Print out the game board (pages 3-4). Trim along the dotted lines and tape together.
- Print out the game cards (pages 5-6) double-sided. Cut along the dotted lines.
- Lamination is not recommended as it will make the cards slippery.

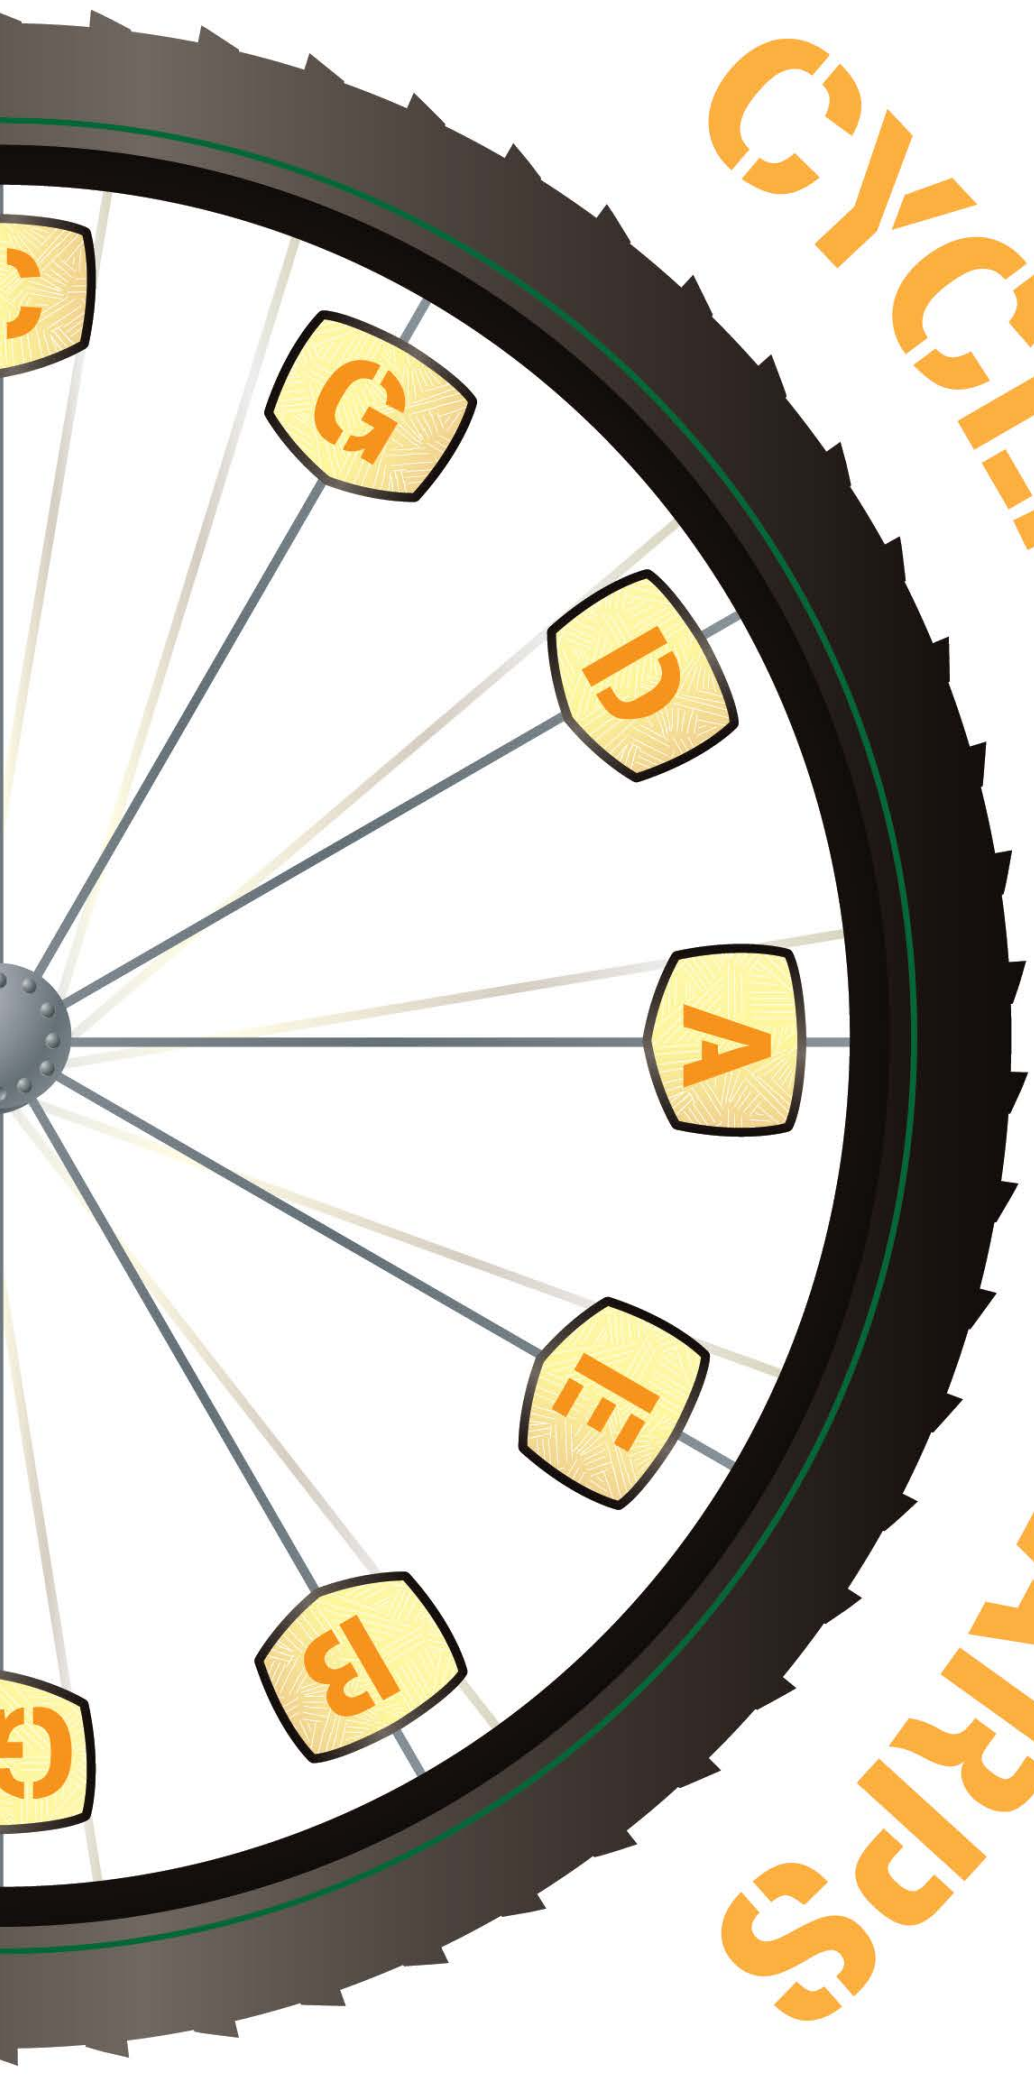

## LEARNING OBJECTIVE

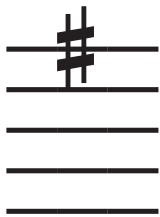

*Cycling on Sharps* helps students to get practice with the order of sharps and flats in both the treble and bass clefs.
