HOW TO PLAY

- Shuffle the cards and deal 4 to each player and place the remaining cards in a pile in the centre.
- Players take turns to ask another player what they need, e.g. "Do you have a C D E?"
 - If the other player has this they must give it to them. This player should then replace that card from the central pile.
 - If they do not, the player should draw a card from the pile.
- As players get pairs, they should place these down beside them and replace these cards from the central pile.
- Continue until all the cards are gone or the time is up.
- The winner is the one with the most pairs at the end.

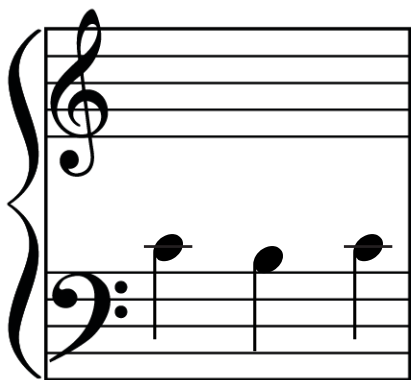

ASSEMBLY

To assemble this game:

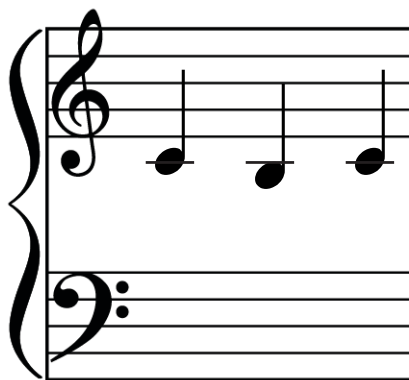

- Print out the game cards (pages 3-10).
- Cut apart along the dotted lines.
- Laminate if desired.

LEARNING OBJECTIVE

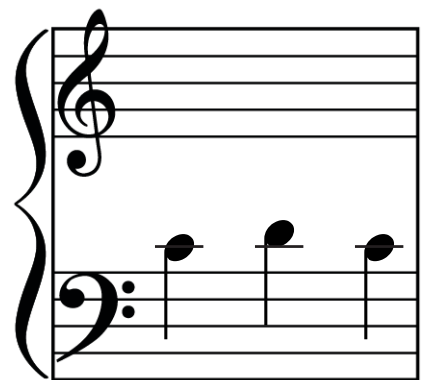

Fishing Lines helps students to understand how the same pitches can appear differently in the treble and bass clefs, and to see that they are in fact the same notes.
