

CONCEPTS COVERED: Major/minor/diminished piano chords

STUDENT LEVEL: Late beginner/grade 1

CHORDFACE

HOW TO PLAY

- Place a counter for each player on the green "?" circle to start.
- Players take turns to turn over a card.
 - If the chord is major they move to the next yellow emoji.
 - If the chord is minor they move to the next blue emoji.
 - If the chord is diminished they move to the next purple emoji.
- The winner is the first to reach the sunglasses emoji at the end of the path.

Optional extra rule: Players may only move forward if they name the chord correctly.

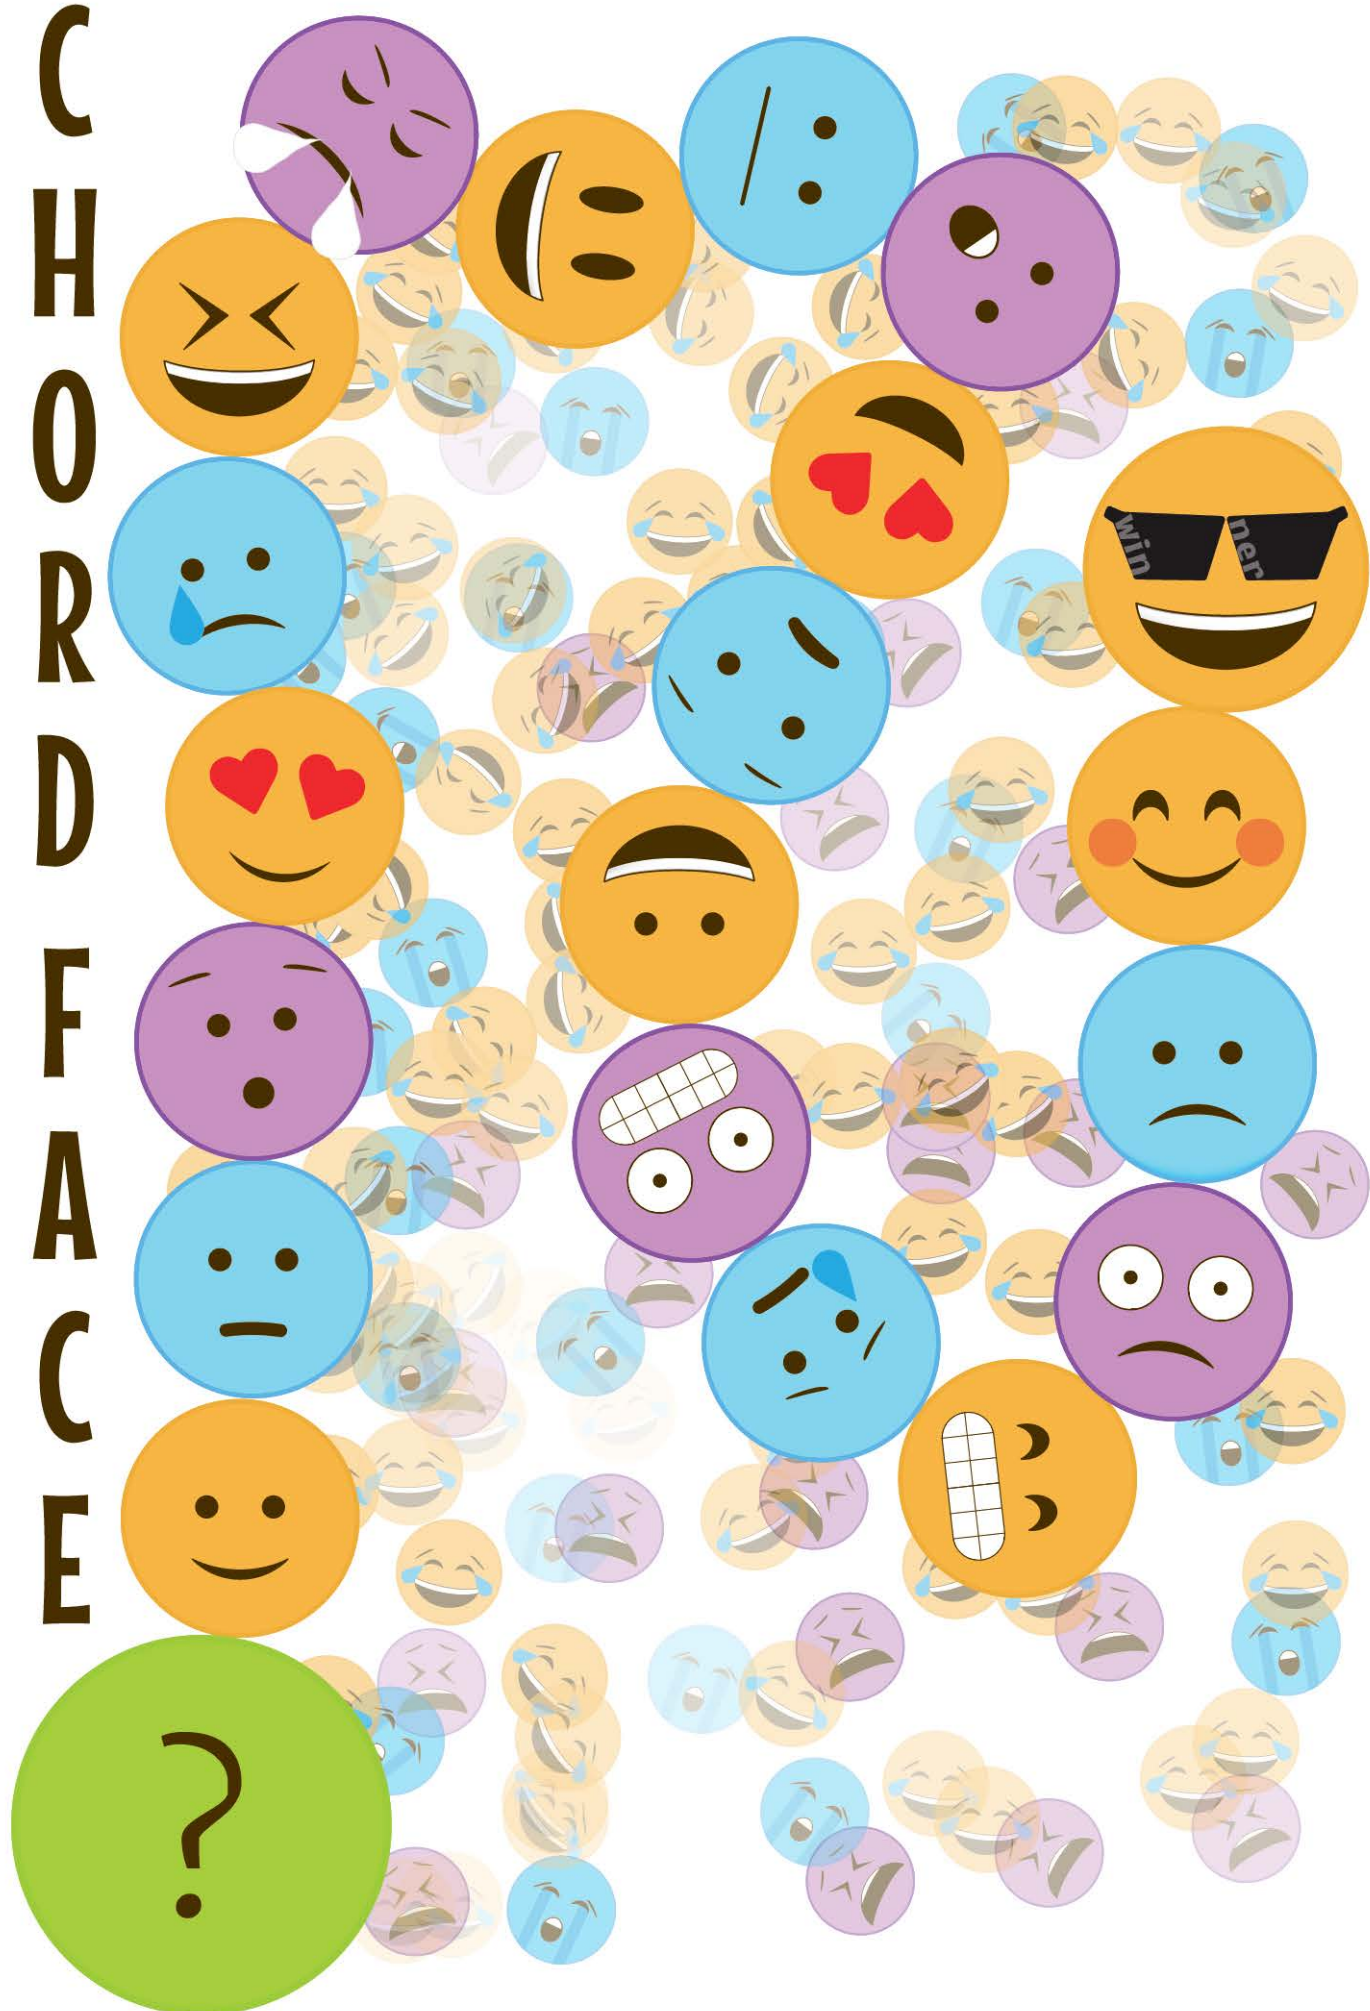

ASSEMBLY

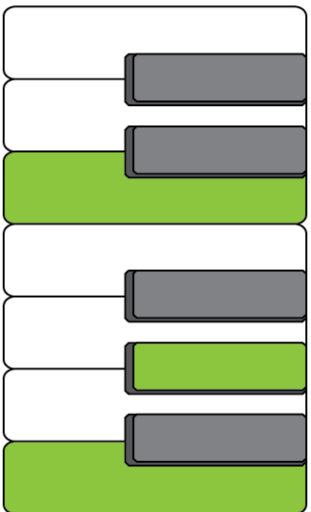

- Print out the game board (page 3). Laminate if desired.
- Print out the game cards (pages 4-7) double-sided. Cut along the dotted lines and laminate if desired.
- You will also need a counter (button, small toy, eraser, etc.) for each player.

LEARNING OBJECTIVE

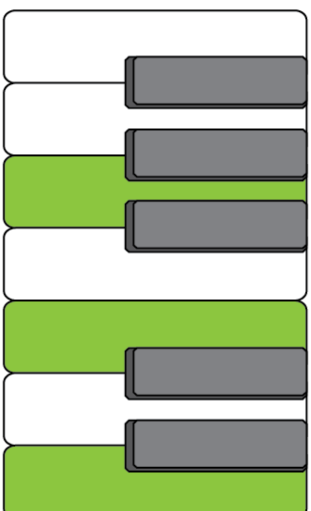

Rather than memorising each individual chord, it's best for piano students to recognise the patterns of semitones (half steps) in each type of chord. This game provides an opportunity to practice these patterns.
